To Whom It May Concern,

This is a letter of reference for Michael Schricker. Michael has worked as a Google Trusted Independent Photographer with the Google Maps Business View program consistently since November 26, 2012. Since he began working with our program, Michael has completed our full certification process to become a “Google Trusted Independent Photographer” and met his completed shoot goal every month. Michael did this simultaneously while getting his Masters degree.

Michael has always been easy to get along with and friendly. We have never received any customer complaints and Michael continues to publish quality work for his clients. He is a hard worker, who is persistent in meeting his goals and always has a great attitude.

Google Business Photos is proud to call Michael Schricker “Google Trusted” and part of our team.

If you should have any further questions about Michael and his relationship or performance in the Google Business View program, please feel free to contact me.

Sincerely,

Janean Lovins
